Ride for Pegasus   by ACTERA
April 1st 2017

Pegasus is super happy to receive $11,465.25 this year, all raised by our amazing 50 riders and their friends.

Ecstatic to have six RDA riders join us this year with their dedicated team of helpers. Each rider had a leader and two supporters to help them around their 2 km course. The four Pegasus horses and volunteers did two loops.

Generous volunteers gave their time, on the day. They were there to help the disabled riders, mark track, set up marquees and tables and chairs and clean the toilets and check forms and collect monies and do the vetting and stewarding and check point water and first aid for riders and photograph and bake and brew and serve our famous homemade morning tea and then wash up, demark and put it all away. Thank you wonderful workers.

Awesome weather and terrific 10 km track through pretty pine forest and picturesque arboretum with very special views. Everyone was so lovely to everyone else that the ride was a delightful day for every horse and person. Thank you riders.

Sensational sponsors again. Equestrian Park provided grounds, yards and amenities. **Horseland** gave two woollen rugs. Robyn Larson-Shelton of Equine Miracle donated vouchers for 2 sessions. The wonderful Webb vets, the Arboretum and TAMs waived all fees. Thank you sponsors.

Unbelievable that we could have riders ranging in age from a tiny four year old (led by parent for 10 km) to a famous octogenarian. How good are they?

Spectacular outcome, the money is enough to make a real difference to the running of programs for disabled riders of all ages and abilities. The winning fund raisers and receivers of the coveted Horseland woollen rug for 2017 were Grace Ferguson who raised over $2,000 and Yolanda Rohling who raised over $1,500. They were $1,000 ahead of the next fundraisers and the highest ever, so Horseland gave a prized rug to each of them. Thank you so much to all riders for exceeding our wildest expectations.

Congratulations to all involved – you have made a real difference.
